A.java

```
class A {
```

```
    p. s. v. main( — ) {
```

```
        B a = new B();
```

```
        S.op.(a.y);
```

```
    }
```

```
}
```

```
class B {
```

```
    int y = 20;
```

```
}
```
